

TREAD LIGHTLY CHARITABLE TRUST

WHĀNAU RECYCLE RIGHT WORKSHOPS

FREE FOR AUCKLAND SCHOOLS

Proudly supported by Visy

With the support of Visy, Tread Lightly is offering a free whanau "recycle right" workshop for schools in Auckland.

The workshops are designed to provide a "snapshot" for parents on how to recycle right and to dispel many of the common mistakes made when recycling at home. The workshops are run from 2.30 - 3pm to accommodate parents arriving at school to collect their children.

The workshops are a great way that students can "take action" and for schools to support community learning.

Workshops can be "hosted" by a class or syndicate as way students can "take action", or open for any parent from your school. Schools are provided with invitations to send to parents, with the workshop delivered by a Tread Lightly staff member. Refreshments are provided and parents are given a beautiful reusable shopping bag to take home.

All schools have to do is provide a room for the workshop and actively promote the workshop to parents! We have a target of 25 parents per workshop

**To book a workshop for your school please contact Domini Calder.
